ex	A search for the Standard Model Higgs boson in proton-proton collisions with the ATLAS detector at the LHC is presented. The datasets used correspondences of the standard Model Higgs boson in proton-proton collisions with the ATLAS detector at the LHC is presented. The datasets used correspondences of the standard Model Higgs boson in proton-proton collisions with the ATLAS detector at the LHC is presented. The datasets used correspondences of the standard Model Higgs boson in proton-proton collisions with the ATLAS detector at the LHC is presented.	ond to 16 in BIOSIS	Cita
